INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Lincolnton City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliates companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Lincolnton's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Lincolnton to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Lincolnton City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Lincolnton, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Lincolnton, and the name, official personnel, nature and address of each firm and corporation in the city. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains a Lincolnton Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Lincolnton.

The Lincolnton Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Lincolnton City Directory, a Directory Library is maintained in the offices of the Lincolnton-Lincoln County Chamber Of Commerce, Inc., for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Lincolnton and Lincoln County are located 32 miles northwest of Charlotte, and 96 miles southwest of Winston Salem, at the junction of

North Carolina Highways 150, 182, 73 and 27, and United States Hwy 321. Lincolnton, the county seat and geographical center of Lincoln County, is advantageously situated in North Carolina's highly industrialized Piedmont area. Lincolnton is the only incorporated city in Lincoln County. It enjoys plenty of room for growth, has quick and unimpeded access to the network of Federal and State public highways, and is an excellent location from both business and pleasure standpoints. A 12-minute drive south puts you on Interstate Highway 85; a 20-minute drive north puts you on Interstate Highway 40, and a 30-minute drive east puts you on Interstate Highway 77.

Lincoln County, 30 miles long and 10 miles wide, covers an area of 308 square miles of rich rolling terrain. Of its 197,120 acres, 91.4% are in farmlands with 81.0% of its total acreage devoted to agriculture.

With Lincoln County's ever-increasing mechanization of farms, more and more farm operators and their family members become available for employment in diversified industry each year. It is the goal of Lincoln County to develop its industrial potential and to provide jobs and subsequent economic betterment for its people who are now commuting to adjacent counties.

CLIMATE

Enhanced by an average altitude of approximately 900 feet and its close proximity to the mountains immediately westward which regulate extremes in heat and cold, Lincoln County enjoys an annual average temperature of 58.6 degrees F., a negligible snowfall annually measuring approximately 8 inches, and an annual average rainfall of 48 inches. Annual average relative humidity is 66.5%. With a frost-free growing season of 216 days, only 4 to 5 months of heating is required. Frost penetration is three inches.

HISTORY OF LINCOLNTON

Lincoln County was the birthplace of David Crockett and James Pickney Henderson, the first Governor of the State of Texas.

Lincolnton was already a cultural and commercial center at the time of the Revolution. Many of its fine, original homes still stand. Named for Benjamin Lincoln, who achieved fame at the time of Cornwallis' surrender to Washington at Yorktown. General was named by George Washington to take the sword of surrender from Cornwallis. Lincolnton was settled in large measure by German and Dutch Protestants seeking religious asylum. Today, the county remains primarily Protestant. Our citizens are civic minded and law abiding.

Lincolnton is the county seat of Lincoln County, which originally embraced the present counties of Catawba, Gaston, half of Cleveland, and after 1779, a part of Burke; Lincoln was established along with Rutherford out of Tryon in 1779, when that county was abolished, reportedly because the name of Governor Tryon had become odious to Revolutionary Patriots, Cleveland, Gaston and Catawba were carved from this area, but voted with Lincoln until 1854, when Lincoln was allowed her own representatives.

The Battle of Ramsour's Mill in June, 1780 was fought within the present city limits of Lincolnton. Had this battle not been fought, it is probable that America would be today an English Colony. This seemingly insignificant battle of which little note or credit has ever been given changed the history of the world. It directly set the stage for the victory over the English at Kings Mountain and the subsequent surrender of Cornwallis at Yorktown, Virginia.

GOVERNMENT

Lincolnton is administered by a board of aldermen, a mayor and a vice-mayor, who are elected by the people. Lincoln County affairs are administered by a commission of five members, who are elected by popular vote of the citizens. Both boards comprise successful business and professional men. They use their talents to assure good government for low tax cost. Lincolnton has a city administrator and Lincoln County has a county manager.

Lincoln County Court House

INDUSTRIAL POTENTIAL

As is the case with many counties whose county seat is its only or chief incorporated city, most of Lincolnton's industries lie immediately outside or relatively close to the present city limits. While the twenty textile firms dominate its economy with almost 8,000 workers, its four furniture plants run it a close second with over 3,000 employees. Other plants operating here are: apple products, metal working, hosiery and paper products.

Lincolnton and Lincoln County invite new businesses. Please contact Bruce S. Schlosberg, Executive Vice-President, Lincolnton-Lincoln County Chamber of Commerce, Inc., for facts tailored to your requirements assuring your pleasant and profitable operation here.

LABOR

The U. S. Employment Security Commission maintains an office in Lincolnton which serves Lincolnton, Lincoln County and the adjoining town of Cherryville in Gaston County. Employees in the area are over ninety percent native born, easily trainable, loyal and efficient. Most of them own their own homes. Many of these desirable workers commute to nearby counties and would welcome jobs here.

The Lincolnton-Lincoln County Chamber of Commerce, Inc., has as one of its top priorities, the creation of more housing for low and middle income people and industrial training for the approximately 400 high school graduates annually who do not plan to go to college. Out of Sight—Out of Mind

● *Out of Business* ●

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.

Insist on being well represented in its pages.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

**DIRECTORY ADVERTISING
BRINGS SATISFACTORY RESULTS!**

A STATEMENT of ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

for ADVERTISING and SELLING

recommended by the ASSOCIATION OF BETTER BUSINESS BUREAUS, INC.

I. Serve the public with honest values.

II. Tell the truth about what is offered.

III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.

IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.

V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.

VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.

VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.

VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.

IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.

X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.
- 4** A “*Yellow Section*” or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.
